

# Windows 10

## Before you start.

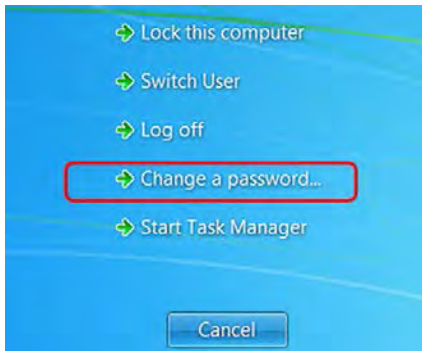

If you were provided with a temporary password for your new account please ensure you have logged into a TAFE computer and set a new password before attempting to connect to the TAFE\_OPEN WiFi network.

If you have a working password please go to the next section *Steps to Connect to TAFE\_OPEN*.

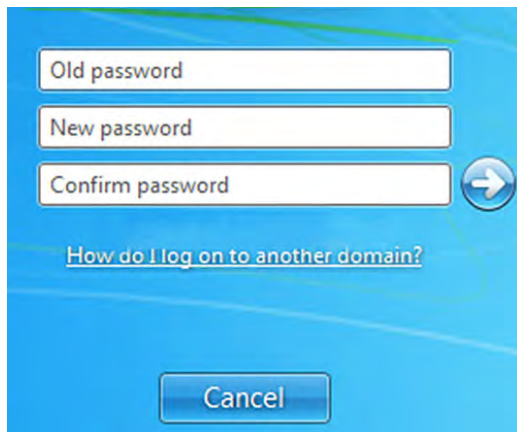

1. To Log in using your temporary password press CTRL + ALT + DELETE

2. An option Screen will appear. Click *Change a password*.

3. Fill out the three blank fields. Enter your temporary password.  
Provide a new password and confirm it.  
Click the arrow button to proceed with password change.

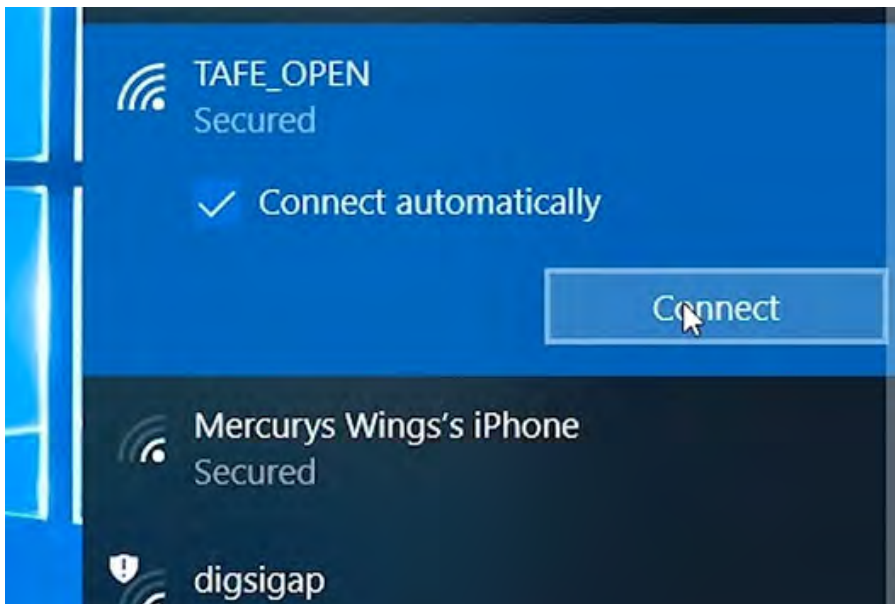

## Steps to Connect to TAFE\_OPEN

1. On the task bar on the bottom right of your screen there is the WiFi Icon.  
Click on the wi fi icon and a pop up menu will appear showing you the available wi fi networks.

2. From the list of available WiFi networks select TAFE\_OPEN.  
Click on *Connect*.

3. Enter your username and password.

Remember your username uses your student ID number in the following format like this example.

Your studentnumber@student.tafe in lowercase (e.g. 12345678@student.tafe).

Your password is your network password.

4. Once you have successfully entered your username and password you may then get an additional prompt asking for further confirmation.

Click *Connect*.
